

Request for Marriage Commissioner

Preamble

Please note ISSA's Marriage Commissioner is Licensed and obligated to register the marriage under Canadian Law. Islamic Marriage (Nikkah) will not be performed without required marriage license.

Both ceremonies are combined to fulfill obligations under Islamic Law and Canadian Law.

Marriage license should be obtained 48 hours before the ceremony.

Both parties must be adult and willing.

Under Islamic tradition, ISSA encourages the Islamic Marriage contract to be agreed upon and signed. However, this is not a legally binding but a morally binding contract.

ISSA also offers and highly encourages pre-Marital counselling. Please contact ISSA to make an appointment.
